

# ■ Bhaktivedanta Gurukul – Website Development Plan

## 1. Overview

This website is being developed for **Bhaktivedanta Gurukul** to showcase its spiritual education programs, admission details, career opportunities, and contact information in a modern and responsive design.

## 2. Website Structure

### Main Pages:

1. Home – Hero section, mission statement, highlights, gallery preview
2. About Us – Gurukul's philosophy, founder's vision, campus life
3. Admission – Courses offered, eligibility, application process
4. Career – Job openings, volunteer opportunities
5. Contact Us – Location map, contact form, email/phone info

## 3. Design Plan

### Theme Colors:

- Primary: Maroon (#800000)
- Accent: Golden (#DAA520)
- Background: Ivory (#FFF8E7)

### Fonts:

- Headings: Playfair Display
- Body: Poppins

### Style:

- Elegant, spiritual, and easy to navigate
- Fully responsive (desktop, tablet, mobile)

## 4. Technology Stack

- Frontend: HTML5, Tailwind CSS, JavaScript
- Backend: PHP
- Database: MySQL
- Hosting: Live Server / cPanel

- Version Control: GitHub

## **5. Development Phases**

1. Phase 1: Wireframe + Page Design
2. Phase 2: Database and Backend Integration
3. Phase 3: Dynamic Content + Testing
4. Phase 4: Deployment and Feedback Round

## **6. Notes**

- Optimized for SEO and fast loading
- Reusable PHP includes for header, footer, and database connection
- Proper file structure with separate folders for assets, includes, and pages
